

**quality
experience
value**

Sparks has the widest range of industrial belting in the industry. Many were designed and custom fabricated for material handling challenges no one else would attempt.

tough rugged

That's where Sparks experience has no match. Since 1946, we have been setting the standards in providing application assistance to a variety of industries.

*When success is riding on conveyor belting,
you need performance. Sparks performance.*

150+ belts in stock

Downtime is expensive and so is unnecessary belting maintenance. That's why getting maximum service life from your industrial belting is an obsession at Sparks. We have a full line of belting products, along with a full menu of fabrication services.

endurance

reinforced

strength

Our experience helps Sparks customers to increase throughput by offering cost effective product solutions.

urethane coated

Sparks possesses the technology to produce cast urethane covers and cleated belts that will stand up to extreme operating conditions. Polyurethane is the perfect material to use for extending belt life.

additional products

DURA-DRIVE PLUS

Unlike conventional drive systems, the new DURA-DRIVE™ PLUS motorized pulley has no chains or V-belts to tighten or replace, no sprockets to align, clean or lubricate, no bearings to grease, and doesn't require chain guards that need replacing.

DURA-LOCK SCANBELT

Modular plastic belting is all about performance, hygienic design, and ease of maintenance. Dura-Lock offers versatility and durability to any conveyor system. We have a variety of belting solutions that convey a multitude of products (baked goods, seafood, poultry, produce, and more) Dura-Lock can be applied to nearly every process in your plant.

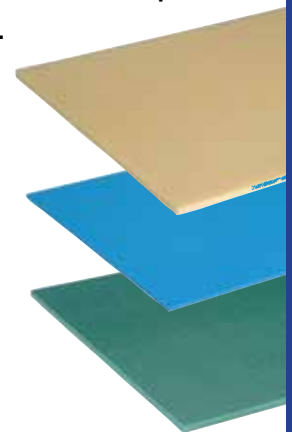

Rounds & Vees

We offer a wide range of hardness, colors, reinforced belts as well as unique profiles that meet your specific design needs.

All Plastic Flat & Positive Drive Belts

Our flat plastic conveyor belt line covers a variety of hardness, colors, and profiles. The innovative plastic positive drive product offers superior hygiene and tracking.

24/7 Service

800-451-4537

Sparks keeps your conveyor systems moving 24 hours a day, 7 days a week, 365 days a year with our fleet of mobile service units. When you need us, we are there.
