

Belt Name:
MF WU 212 AM

Part #:
03-711

Technical Data

Color	White
Compound	Anti-Microbial Polyurethane
Plies	2
Fabric/Carcass	Non-Fray Polyester
Cover Surface	Matt
Hardness	85 Shore A
Bottom Surface	Negative Diamond
Coefficient/Friction	0.2
Working Strength	40# @ 1%
Overall Gauge	0.083"
Weight per Sq Ft	.47#
Minimum Pulley	
Normal-180°	1.18" Back Flex 1.18"
Temp Range °F	-4° F to 212° F
Food Approved	Yes
Anti-Static	No
Recommended Splice	Single Finger
Clipper Lace	#36
Alligator Lace	#1
Maximum Width	126"

Features/Benefits:

Food approved urethane with anti microbial inhibitor in compound for use in food applications. Cover x cover design is ideal for unsupported roller systems with backbend. Anti-Microbial formulation makes this a desirable choice in the food and medical industries. Other applications include fruit/vegetable, fish/poultry/meats and cheese and dairy industries.
